Creditreform Commercial Report

Detailed assessment and monitoring
of major risks

Growth on a sound footing

Success is the objective of every entrepreneurial action. But a single, misguided credit decision can cause serious financial losses. Creditreform's Commercial Report helps put your entrepreneur success on a sound footing from Day 1.

Areas of application

- Credit decisions in higher-risk areas
- Fixing sound credit limits for new and existing customers
- Customer and supplier monitoring
- Exploring the expansion of existing business relationships

Solution

- Creditreform Solvency Index with probability of default for the next 12 months
- Current and historic business figures and balance sheets (often including P&L) with KPIs
- Assessment of the mode of payment
- Industry PD*
- Mandated research
- 12 months' monitoring
- Additional payment experiences section for participants of the cost-free Debitorenregister Deutschland

* Average probability of default for companies in the same industry sector

Crefo number 3452000453 Trade name Muster Max Company status active	County Court Solingen HRB 12345 Fiscal number 555/1234/1333 VAT N° DE 123456789

Solvency

Solvency Index^{2.0} 211

PD 0,01 % 0,08 % **0,32 %** 0,91 % 3,11 % 7,75 % 17,41 % 28,33 % 78,80 % 95,98 %

The Solvency Index^{2.0} 211 means "good solvency".
 The PD (Probability of Default) shows the probability that a debtor defaults within one year according to Basel II-criteria. Applied to Creditreform the Solvency Index 500 and 600 is considered as default.
 The PD for this solvency amounts to 0.32 %. The average in Germany amounts to 1.56 % (updated: March 2016).

Payment behaviour and Credit Opinion

Payment behaviour	Within agreed terms, formerly using of cash discounts.	(23)
Credit opinion	Credits and business connections are permissible.	(21)
Credit limit in EUR	5.000,00	

Excerpt from the additional chapter payment experiences (only for DRD participants)

German Debtor Register - DRD

The table contains the most up-to-date values. The graphics below show the historical values of the last year.

DRD-Index	179	Agreed term of payment	22
Number of suppliers	13	Days sales outstanding	17
Number of documents	39		

A DRD-Index of 179 means "medium to weak payment behaviour".

DRD-Index of subject company for the last 12 months
 (100 means best value, 600 means worst value)

Contents

Company identification
